It was decided to create a survey to send to parents about what they use the website for the most.

Suggestions from the boxes were looked over and given to the appropriate committees or people. Kevin has already addressed the high school about saying the Pledge of Allegiance, they will do this during video announcements. We will create a survey to see how many students would be interested in cheerleading and a drumline. The drinking fountains will all be changed over when the school is being remodeled.
